

Shiny

Statistical Programming

Fall 2021

Dr. Colin Rundel

Final Projects

For the final project you will be asked to do something interesting with something that we have learned in this class.

Anything vaguely related to statistical computing is fine

- The final project will be due on Monday December 13th by 5:00 pm.
- You can form your own team of up to 5 students to work on the project
- Project will be turned in as an R package, including a write-up (in a vignette) and all necessary data, documentation, tests, etc.
- Proposals due Monday, November 15th (requirements: team name, members, 1 paragraph description)
